GETTING STARTED

Materials:

- Metal-edged ruler
- Butter knife
- Scissors or craft knife
- Cutting mat (optional)
- Multipurpose glue

*Hey kids,
make sure to ask
an adult for help!*

1 Print out pages 1-3 and allow to dry.

2 Put the pages back into the paper tray so that you can print page 4 on each back side. You'll need to print page 4 twice.

(For most printers, you will insert the printed page back into the paper tray exactly as it came out.) You may want to do a draft print first.

3 Score all the pieces: Using a ruler as a guide, run the back side of a butter knife firmly along all dashed and dotted lines.

4 Using scissors or a craft knife and cutting mat, cut out all pieces along solid lines. Don't forget to cut the slit on the body piece first.

5 Fold all pieces along score lines, using the folding key below as a reference.
